Parent Quick Start Guide

Eggbeater Water Polo keeps you connected to every game — live scores, schedules, bracket projections, and your child's stats — all in one place. No app store required.

1) Getting Started

- Open eggbeater-wp.netlify.app in any browser (phone, tablet, or computer)
- Works instantly — no download or account required
- Bookmark the page for quick access anytime

2) Install for the Best Experience

iOS (iPhone & iPad):

- Open in Safari
- Tap Share
- Tap Add to Home Screen
- Tap Add
- Requires iOS 16.4+ for push notifications
- Must launch from the home screen icon for full functionality

Android:

- Open in Chrome
- Tap the "i" menu
- Select Add to Home Screen or Install App
- Tap Add

3) Sign In with Google (Optional, Recommended)

- Tap Sign In (top right) and choose your Google account
- One sign-in covers:
 - Syncs your preferences across all devices
 - Connects your Google Calendar automatically
- Your selections (age group, team, My Player) restore instantly

4) Pick Your Age Group

- Tap an age group pill below the tournament name to view that schedule
- Tap additional pills to follow multiple teams (great for families)
- Pills are ordered 10U to 18U
- Tap again to deselect
- A/B Teams: If a team has multiple squads, the pill expands — select A, B, or both as needed

5) The 6 Tabs

Schedule

Upcoming games sorted by date. The Next Game card highlights at the top. Tap Add to Calendar to sync games.

Scores

Live scores update every 10 seconds when a game is being scored. Watch for the pulsing dot on the Scores tab.

Bracket

Projected finish based on pool play results. Gold, Silver, and Bronze paths update automatically as results come in.

Roster

Full team roster with individual player stats. Tap My Player to follow your child's season stats across all tournaments.

History

Complete record of past tournaments with standings and game-by-game results.

Help

Full guide to every feature. Tap any section to expand it.

6) Calendar & Notifications

Google Calendar:

After signing in, tap Connect on the Schedule tab and choose which calendar to add games to. Games sync automatically and update if times change. No second sign-in needed.

Push Notifications:

On iOS (from home screen icon) or Android, tap Get Notified on the Schedule tab and allow notifications when prompted.

7) Following Your Child

- Go to the Roster tab and tap the My Player dropdown to select your child's name
- See their goals, assists, shooting %, exclusions, and game-by-game history all season
- If you have kids on multiple teams, a separate My Player card appears for each

Pro Tip: The Bracket tab updates in real time — share it with family in the stands to track championship paths as pool play unfolds.
